To The Public Rain or Shine

Come to Sheffield Early in the Morning, if you want one of the best locations—we are more than gratified for the approval given our offering, by the people of Whiting, Robertsdale and Hammond. The preliminary inquiry indicates that that most of the homesites will be sold out by evening.

Now for Final Instructions on how to Procure the homesite that suits you best

**1st** All lots have been surveyed. The City Engineer has placed permanent markers in the cement walks, showing the width of each lot.

**2nd** In the Middle of each site you will find a stake on which you will find a white card tacked to the stake—On this card, you will find the lot and block number, and the price plainly marked.

**3rd** Select the lot you like best. Tear off the White card only. Present this card to one of our salesmen, who will accept your deposit and issue our receipt.

**4th** IMPORTANT. REMEMBER THIS. The possession of the white card is first option on that particular lot.
